Fact Sheet: Philadelphia Outdoors – Parks, Trails and Green Spaces

National historical parks, hiking trails and biking paths provide many ways to explore the natural beauty of the city and region.

PHILADELPHIA, April 10, 2026 – Philadelphia has 166 miles of open-space pathways, hiking trails and bike routes waiting to be explored and traversed by wandering adventure seekers. These multi-use trails connect neighborhoods while offering spectacular skyline views and constant reminders of the Greater Philadelphia region’s natural beauty.

Founders William Penn and Hannah Callowhill Penn envisioned a “[Greene Countrie Town](#),” with planned parks integrated into residential life, when they first sketched out blueprints for Philadelphia in 1682. Today, those lush outdoor squares remain essential to understanding the city’s grid system.

Green City: Facts & Figures

- 95% of Philadelphia residents live within a 10-minute walk of a park, which is well above the national average of 57% for all urban cities and towns. ([TPL](#))
- Philadelphia has been named “[The Most Walkable City in the U.S.](#)” in the *USA Today 10Best Readers’ Choice Awards* for three consecutive years (2023, 2024, 2025).
